I've had Stanley Steamer before, and they were okay, but I had unknown stains that I could not get out, so I thought I'd try someone else. Craig Brogna is the owner/operator. He arrived on time and was very professional. He cleans without steam, and I am here to tell you that my carpets never looked so good. | 22. Landscaping | Meticulous Landscaping | Paver Patio | <p><b>We would never recommend Meticulous Landscaping.</b> We contracted with Meticulous to put in a paver patio over an existing cement patio and also extended our patio with pavers over an existing lawn area. Proper footings were not placed in the ground and the extended portion of our patio, built in 2011, started to show signs of sinking and coming apart. Meticulous came to examine it but did not resolve the issue and we ended up in Small Claims Court. The agreement was that they were supposed to fix the problem but they did not. Meticulous Landscaping did not respond to our calls and complaints and we ended up contracting with another landscaper who had to dig up the outer edge of our patio and rebuild it properly at the cost of \$2000.00.</p>  | Alma and Lou Walshak    | (609)693-3677 <a href="mailto:alma_walshak@yahoo.com">alma_walshak@yahoo.com</a>     |

I called Vintony on a Friday morning and they were able to send someone out that same afternoon. This is a family-owned business and the son of the owner came out and fixed the problem. They left the blower of one of the furnaces not working. Did not return calls to discuss the problem. | 38. Vent Cleaning   | Advance Furnace and Duct Cleaning<br>2 Harbor Inn Road, Bayville N.J.<br>(800)317-7104 | Air Duct Cleaning  | We had the ductwork cleaned in May 2016. The staff arrived on time, were very friendly and explained the process that would take place. The entire process took about three hours to complete. The cleaning included the removal of dust and particles from all suspended and fixed airways and the furnace. All vents were removed washed and replaced. We elected to also have the dryer vent cleaned for an additional fee. We have a noticeable decrease in the amount of dust on all surfaces. <b>I recommend that anyone who suffers from allergies consider having this done.</b> | Mike Rebello | (908)337-8828 <a href="mailto:michaelrebello@hotmail.com">michaelrebello@hotmail.com</a> |
