

Condolences

Illness , Injury Or Bereavement

At times, residents of Greenbriar Oceanaire lose a loved one and times when we all encounter serious health issues.

It is true, we all live busy lives, participating in our community activities, volunteering, travelling, and just enjoying our lives.

We do not always learn of neighbors' health issues until too much time has passed. We want to express our sympathy and love to our friends and neighbors.

We hope this page will provide place for those who wish to share their best wishes.

If you have a loved one, who is ill or has passed, please let us know and we will post on the website.

gbconciierge@comcast.net

or, please bring the attached with your information to the Clubhouse Concierge Desk
All notifications will be posted within 24 hours of receiving.
