1 Heritage Circle
Waretown, NJ 08758

COURSE DESCRIPTION

HOLE 1

Long Par 5 requiring a well-placed tee shot. This is a true 3 shot par 5 considered by many to be the most difficult hole on the course.

HOLE 2

Short Par 4 dogleg left with a large bailout on the right side of the fairway.

HOLE 3

The shortest Par 3 on the course at 113 yards it is also the smallest green.

HOLE 4

Long straight Par 4 with a very large bunker on the left fairway that must be avoided. One of the few holes that allows a player to run the ball onto the green.

HOLE 5

Another short Par 4 that requires a well hit 2nd shot. The green is guarded by a bunker right and is elevated.

HOLE 6

Another 3 shot Par 5 requiring a well-placed tee shot followed by a fairway wood setting up a third shot. The two tiered green is elevated and it is crucial to be on the correct level.

HOLE 7

131 yard Par 3 with a pond along the entire left side and a large bunker on the right.

HOLE 8

After a drive down the center this hole requires a perfect shot to the well protected green. All along the left side is a pond that forces players to favor the right side of the green.

HOLE 9

Dogleg right Par 4 with a pond starting at 150 yards from the green. Players will be forced to stay left on this hole which is helped by mounding on the left side.

HOLE 10

The back nine starts off with a short Par 4 with a very generous fairway. The green is elevated requiring the player to hit a high shot in order to hold the putting surface.

HOLE 11

At 287 yards this is the shortest Par 4 on the course. Players can challenge the fairway bunker on the left side and have a short wedge into the green.

HOLE 12

One of the signatures holes this Par 3 plays over a pond from an elevated tee. Club selection is key as the pin placement could change yardage by as much as 3 clubs.

HOLE 13

This Par 4 is fairly straight forward until you get to the green. A two tiered green makes placement of your 2nd shot very important.

HOLE 14

The first of back to back Par 5's this hole is long and straight. The green is guarded by a deep faced bunker on the left side forcing players to attack it with a high third shot or from the right side.

HOLE 15

Similar to 14 this hole offers a generous fairway with a deep bunker on the right side. The green is protected by a bunker left and slopes hard from back to front.

HOLE 16

This Par 3 requires a carry over a ravine to a well-protected green. Players can bail out right however this leaves a difficult chip shot.

HOLE 17

A risk reward Par 4 allows players to cut off a lot of yardage the further down the dogleg left they place their tee shot.

HOLE 18

The finishing hole is a true test of golf. A long Par 4 with bunkers right and left make the tee shot difficult. Then a green protected by a large mound right and bunker back left require a precise 2nd shot.
