How will you be an asset to the GOCA Board of Directors?

Throughout my career I have accomplished my goals by working with and training good people. I believe that we have a wealth of **knowledge and experience** here at Greenbriar both with our staff and our residents. Our staff must be challenged and given the guidance to do their best and then we must let them have the freedom to do it!! We must then hold them accountable for the results. We must harness that talent to keep Greenbriar "The Active Adult Community of Choice in NJ". We have committees to assist us and we must let them do their jobs and recommend changes and enhancements to our community that will add to the active lifestyle and value of our homes This must be done while keeping a watchful eye and within the confines of the annual budget.
