

August 5th Music by the Pool - The After Show Party
By Ray Koziol

As we have done in the past we celebrated this year's 7th Annual G-O Car Show with an after show party by the pool and quite a party it was with music provided by a great group known as Joey D's Rockin' Oldies Band.

These guys got the audience jumping, rocking and slow dancing throughout the evening. When the beat was fast there was so much toe tapping and foot jumping I was expecting to see waves in the pool from all the vibrations coming from the dance floor!

These fellows from the band, Joseph Schrull, Bobby Warren and John Bishop, know their craft and have a combined experience of nearly 150 years. Longtime friends they have been singing together for many years and perform at many venues throughout New Jersey.

We've got Frank Fontana and Ray Ricci to thank for bringing them to Greenbriar on the night of August 5th. For those that may not know, Ray Ricci is a Greenbriar resident and also known as "DJ Rockin' Ray – the Doctor of Doo-Wop". He has a very popular radio show that airs on WBNJ (91.9). Ray has been a long time fan of Joey D's Rockin' Oldies Band and was pleased to see them perform here at Greenbriar. My guess is that we will be seeing a lot of this group in the future as they were so warmly received by the audience at this after show party.

Our thanks to the members of Joey D's for a great show and to Frank and Ray for getting them to appear here at Greenbriar.

Until next time *Keep on Rockin'*
