Friday: Clubhouse, Heritage Circle, Greenbriar Blvd

Overwatering in the community is contributing to the spread of Kyllinga and the worsening of drainage issues. It causes the leaching of fertilizers and nutrients and the development of shallow rooted lawn grasses which are not able to withstand periods of summer drought. Additionally, the stress placed on the water supply during the summer because of overwatering is a serious threat to the ability of the Township's fire department to adequately fight fires.

It is the request of the Board of Directors, Management and the Roads & Grounds committee that the following watering schedule will be adopted by all Greenbriar residents.

If your lawn cutting day is Monday-
please water your lawn on Tuesdays & Fridays only.

If your lawn cutting day is Tuesday-
Please water your lawn on Wednesdays & Saturdays only.

If your lawn cutting day is Wednesday-
Please water your lawn on Thursdays and Sundays only.

If your lawn cutting day is Thursday-
Please water your lawn on Fridays and Mondays only.
